This instruction implements Air Force Policy Directive (AFPD) 36-28, Awards and Decorations. It establishes policy, eligibility criteria, and nomination procedures for recognizing officers, enlisted, and civilian personnel for outstanding service and contributions to the Air Force Medical Service. It applies to major commands (MAJCOM), subordinate units, members of the Air Force Reserve, and Air National Guard (ANG). “This instruction directs collecting and maintaining information subject to the Privacy Act of 1974 authorized by Title 10 U.S.C 8013. System of records notice F036 AF PC V, Awards and Decorations, applies.” Submission of all new awards is the responsibility of the OPR. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFMAN 37-123, Management of Records and disposed of in accordance with the Air Force Records Disposition Schedule (RDS) located https://www.my.af.mil/gcss-af61a/afrims/afrims/.

The OPR must submit an Air Force Form 673 signed by the Surgeon General or designate to AF/SG1 for coordination of additions or changes to AFI 36-2856. Send comments and suggested improvements on Air Force Form 847, Recommendation for Change of Publication, through channels to HQ USAF/SG1, 110 Luke Avenue, Room 400, Bolling AFB DC 20032-7050. Submissions for new awards should address who is eligible for the award and if there other awards which recognize similar types of performance. Submission of new awards should be coordinated through MAJCOM, FOA and DRU functionals followed by the Corps Directors and AF/SG1.
SUMMARY OF CHANGES

This interim change adjusts the phrasing of the instruction to clarify the award format on the AF Form 1206, award eligibility, and the criteria for specific awards. There are a number of substantive changes. The USAF Outstanding Nutritional Medicine Civilian of the Year and the USAF Outstanding Civilian Dietitian of the Year awards were added to the USAF Nutritional Medicine Awards. Category I (Large Pharmacies), Category II (Medium Pharmacies) and Category III (Small Pharmacies) awards were added to the USAF Pharmacy Awards. The Outstanding Facility Manager of the Year Award has been deleted from Outstanding Medical Logistics Awards. The Outstanding Facility Manager for a Large Medical Logistics Activity Award and the Outstanding Facility Manager for a Small Medical Logistics Activity Award have been added to the Outstanding Health Facilities Awards. The Clinical Optimization Award has been deleted; the USAF Outstanding Patient Centered Medical Home Award has been added to replace it. Revisions to award eligibility criteria have been made to the Outstanding AF Entomologist Award, Linda L. Osborn Outstanding Resource Management Civilian of the Year, the Outstanding Diagnostic Imaging Team of the Year Awards and the USAF Expeditionary Medical Operations Awards. The format for the Health Benefits Advisor of the Year Award has changed. AFMS team award winners will receive a single group (vs. senior member) certificate. A margin bar (|) indicates newly revised material.

Section A—Medical Service Awards Program.

1. Purpose. The Air Force Medical Service Awards Program (AFMSAP):

1.1. Recognizes individuals and teams whose outstanding actions improve the delivery of health care and contribute to expeditionary medical operations for our Air Force personnel worldwide.

1.2. Acknowledges sustained superior job performance, innovative operations, and exceptional teamwork.

2. Responsibilities.

2.1. Headquarters United States Air Force Surgeon General (AF/SG):

   2.1.1. Oversees policy and advocates for the efficient management of the AFMSAP.

2.2. The Medical Force Management Directorate (AF/SG1)

   2.2.1. Manages and executes the AFMSAP annually with the assistance of each Corps Director (Medical, Dental, Nursing, Medical Service, and Biomedical Sciences Corps) and the Enlisted Career Field Functional Managers (CFMs).

      2.2.1.1. AF/SG1 Corps Directors and Enlisted CFMs will validate their respective award categories on an annual basis to ensure appropriate quality/quantity of awards under their purview. Requested amendments to AFI 36-2856 will need to be submitted using AF Form 847 on or before 15 April of each year.

   2.2.2. Releases official message(s) in support of the annual call for nominations and the annual announcement of winners for all Medical Service Awards in the AFMSAP and others as necessary.

   2.2.3. Reviews, coordinates, and submits AF Form 847 changes and/or additions to AFI 36-2856, Medical Service Awards.

      2.2.3.1. Any requests to name/rename an award after persons alive or dead must first be approved by the SG1 Corps Directors, Chief, Medical Enlisted FD, as well as the SG1 AFMS Awards OPR. Once approved at this level, then the request will be presented to the SG, DSG, and Corps Chiefs for final approval prior to inclusion in the IC request.

   2.2.4. Submits reviewed changes and/or additions to AFI 36-2856 with AF Form 673 to appropriate publications office for processing.

   2.2.5. Assigns Offices of Primary Responsibility (OPRs) for each award. OPRs for each award are listed at the end of each award description.

   2.2.6. Coordinates recognition of annual winners with MAJCOMs, FOAs, DRUs, AFRC and ANG activities.

   2.2.7. Submits annual announcement of winners to AF News Service for publication and posts annual announcement of winners to the AFMS website.
2.2.8. Approves out-of-cycle release of annual winners. Awards with standing approval for out-of-cycle release are listed in Attachment 2.

2.2.9. Prepares letters and certificates for each winner and coordinates with SG for signature. SG1 also prepares all letters and certificates for each winner as outlined in Section B, Item 6.1 and sends them to the appropriate MAJCOM, DRU, and FOA as necessary.

2.3. OPRs for each award are identified each year and are responsible for the following:

2.3.1. Initiate, coordinate, recommend, and seek approval for changes to this AFI in response to input from the field. Submit requests for new awards to AF/SG1 using AF Form 847.

2.3.2. Convene selection boards for the awards as directed by AF/SG1.

2.3.3. OPRs should accommodate any special requirements such as specific presentation date, activity, or ceremony, and release the names of the winners to their functional communities. OPRs must forward the name(s) of the winner(s) and all related details (award, name, rank, unit, installation, and MAJCOM/FOA/DRU) to HQ USAF/SG1 for inclusion in the official worldwide release message.

2.3.4. Headquarters Air Force Reserve Command Surgeon (AFRC/SG) is the selection authority for the USAFR, and The Air Surgeon (ANG/SG) is the selection authority for the ANG.

2.4. MAJCOMs, subordinate units, medical treatment facilities (MTFs) and supervisors submit names of individuals or groups of individuals for recognition in accordance with these guidelines.

Section B—Nomination, Selection, and Presentation of Awards.

3. Nominations.

3.1. AF/SG1 solicits awards nominees by means of a message distributed to Headquarters Air Force, DoD, Health Affairs ASD (HA), MAJCOMs, FOAs, and DRUs no later than 1 August. Unless otherwise specified in the award criteria, all AFMS personnel including active duty, Air Force Reserve Command, Air National Guard, Headquarters Air Force, DoD, Health Affairs ASD (HA), MAJCOMs, MTFs, FOAs, and DRUs are eligible to compete.

3.2. The AFMS Awards Program is based on the fiscal year. Therefore, award nominations should include accomplishments from October through September.

3.2.1. Nominees should have a current and passing fitness score at the time of nomination.

3.2.2. Nominees should have PME commensurate with rank.

3.2.3. Nominees WILL NOT have an Unfavorable Information File (UIF) or any quality force issues during nomination period.

3.2.4. For enlisted personnel, nominees should not have been accepted for a commissioning program for the same one-year period.
3.2.5. Colonels and Chiefs will generally be considered ineligible for AFMS level awards unless otherwise specified in the ensuing attachments.

3.2.6. Contractors will be considered ineligible for AFMS awards.

3.3. Individual and team award nominations are locally drafted and approved initially at the unit-level. MAJCOMs solicit nominations each year for MAJCOM level awards and also determine nominations for AF-level awards. If no award category exists at the MAJCOM level, unit level award nomination packages should be submitted through their respective MAJCOM or equivalent headquarters prior to submission to the award OPR, unless otherwise stated.

3.4. Nomination packages will include the following:

3.4.1. An electronic IMT AF Form 1206 will be submitted for each individual or team nominated unless otherwise noted.

3.4.2. A single letter illustrating all individual nominees and teams signed by the Medical Group Commander or equivalent. This letter is for MAJCOM screening purposes, and need not be submitted by the MAJCOM to the award OPR. A MAJCOM may choose to alter these requirements, but group-level or equivalent commander must acknowledge each applicant from his or her command. The letter should include an attachment listing all nominees being submitted for any award and will include the nominees’ full names and ranks. Team awards will be submitted as a separate attachment listing all team members. It too should include the nominees’ full names and ranks. Sample nomination packages are available in Attachment 3 through Attachment 6. Members with UIFs or quality force issues are not eligible to compete for individual or team awards. If such a member’s team is nominated, the team may still compete for the award. However, the member in question must be omitted from the list of team members nominated. MAJCOM award processes may take precedence over these nomination package requirements.

3.4.2.1. Nominees are eligible for rank-specific awards if the nominee’s rank matched the rank specified for at least six months of the award period. For example, SSgt Jones is eligible for Medical Resource Management Airman of the Year Award if he or she served in the rank of SrA for six months or more during the award period.

3.4.2.2. Individuals who undergo a permanent change of station (PCS) during the award period should be submitted for awards (individual and team) by the unit to which they are/were assigned at the time of nomination. Accomplishments from a previous base are acceptable for individual awards in these cases. Individuals should not be submitted for individual awards by a deployed unit; however deployed units may forward the member’s information to the unit of assignment for submission and coordination. Deployed units are not eligible for team awards.

3.5. Written narratives for individual and team nominations will meet the criteria outlined in Attachment 5 and Attachment 6 unless otherwise specified within the award-specific attachment. Any acronym or similar legends should be identified and spelled out on the front side of AF Form 1206 below the content related bullets under the heading: ACRONYM LIST. Acronyms are listed in alphabetical order.
3.5.1. Written nominations must be submitted on the AF Form 1206, using the most current IMT version found at [http://www.e-publishing.af.mil](http://www.e-publishing.af.mil). Packages should be in standard bullet format with a maximum of 20 lines of content related text. Complete the form with information as required: name of the award, category (if applicable), award period, individual’s name, rank, last four of SSAN, MAJCOM/FOA/DRU, duty AFSC and duty title, nominee’s telephone, unit of assignment, and unit complete mailing address, name and rank of unit commander and corresponding phone numbers.

3.5.2. Individual nominations must include specific facts that clearly distinguish the nominee from his or her peers citing examples that occurred during the specified nomination period. There should be no additional text on the heading lines (Attachment 5). Nomination packages must include the following headings unless otherwise specified in the individual award description:

3.5.2.1. **Leadership and Job Performance (75 points/15 lines maximum):** describe significant leadership accomplishments and how well the member performed assigned primary and additional duties. Define the scope and level of responsibilities and the impact on the mission and unit. Include any new initiatives or techniques developed by the member that positively impacted the unit and/or the mission during the award period. Reference to quarterly or annual awards may also be included in this section.

3.5.2.2. **Significant Self-Improvement and Base/Community Involvement (25 points/5 lines maximum):** show how the member developed or improved skills related to primary duties, e.g., achievements in professional societies or associations, off-duty education related to primary duties, formal training, Career Development Course enrollment or completion, on-the-job training, certifications, etc. Include completion of any Developmental Education (DE) as well as awards earned during in-residence attendance. Include any off-duty education not directly related to primary duties, e.g., class, course, degree enrollment and/or completion and grade point average. Cite any other relevant training or activity that significantly enhanced the member’s value as a military member during the nomination period. Also define the scope and impact of the member’s positive leadership and involvement in both the military and civilian communities. Include leadership, membership or participation in unit advisory councils, professional military organizations, associations, and events, e.g., President of Company Grade Officer’s Council, President of Top Three, unit dining-out committee, member of Air Force Association, Sunday school teacher, and so on.

3.5.2.3. **(DELETED)**

3.5.3. Team nomination packages should include a list of all team members for archival reference purposes at the MTF and MAJCOM level (Attachment 4). This reference list is especially important when ensuring the validity of team member participation within OPRs and EPRs for example. Team packages must address the following unless otherwise specified in the team award description:
3.5.3.1. **Team Accomplishments (100 points/20 lines maximum):** list the team’s actual or expected accomplishments (*Attachment 6*). If expected results were not achieved, team efforts to redefine the goal should be included. Describe any/all efforts employed by the team to identify and meet community and customer needs and desires. Also illustrate any other team accomplishments that demonstrate integration and collegiality, and significant contribution to increase mission effectiveness, e.g., any AFSO21 initiatives.

3.5.3.2. (DELETED)

3.5.3.3. (DELETED)

3.5.3.4. (DELETED)

3.5.3.5. (DELETED)

3.6. **MAJCOM Responsibilities.**

3.6.1. Establish suspense dates and guidelines for nominations.

3.6.1.1. MAJCOMs should use command functionals, AFMOA SMEs, and other strategic leaders to select winners through the board process. Consider having SG2 and Chief, Medical Enlisted Functional as the OPRs for selecting board president/membership at the MAJCOM level.

3.6.2. Forward packages winning MAJCOM-level competition to the designated award OPRs for AF-level competition, as stated in the annual call for nominations.

3.6.3. Due dates.

3.6.3.1. Awards packages are due to appropriate award OPR NLT 1 December. MAJCOMs may create their own suspenses to meet the suspense to the award OPR. Any MAJCOM suspense mentioned is merely a suggestion. Individuals not assigned to a MAJCOM, FOA or DRU may submit their packages directly to the award OPR by the suspense of 1 December.

3.6.4. Each MAJCOM, FOA or DRU submits one nomination from each award category annually. In such instances where submitting a nomination in a given category is not desired, the winner may be recognized at the respective MAJCOM, FOA or DRU, but does not have to be forwarded for AF-level competition.

3.6.5. If no nominations are to be forwarded, a negative reply to the award OPR is required.

3.7. Individual members may be nominated for only one individual AF-level award in any given nomination period. Individual Air Force level award winners cannot re-compete in that same award category the following year (e.g., in consecutive years.). They may, however compete in the second year following receipt of their individual award.

3.7.1. Individuals are limited to winning a specific AF level award to no more than twice in a career. Individuals may, however, apply and/or compete for other AF level awards without this particular restriction.

3.7.1.1. Because team members turn over on a regular basis, a team that wins at the Air Force-level may re-compete for the same award, without restriction.
3.7.2. A MAJCOM winner, who does not win at the Air Force level, may compete again in the same category without restriction unless otherwise stated by the MAJCOM.

4. Selecting USAF Award Winners.

4.1. Selection Board Dates.

4.1.1. The Award OPR will convene a selection board and select winners NLT first business day following 1 January.

4.2. A Colonel or civilian equivalent should chair the selection boards for officer awards; a Chief Master Sergeant or civilian equivalent should chair selection boards for enlisted awards. Exceptions can be made, providing that the board presidents are equal, or senior to the rank of Lieutenant Colonel for officer awards or Senior Master Sergeant for enlisted awards.

4.3. Submission Dates.

4.3.1. The award OPR ensures that information regarding award winners is submitted to AF/SG1 NLT 15 January. Required information for each winner includes name of award, full name (list of names if team award), rank, unit, installation, installation mailing address, and MAJCOM/FOA/DRU.

5. Releasing USAF Award Winners.

5.1. Award release dates.

5.1.1. AF/SG1 disseminates the selection board results to the SG Corps Directors/CFMs for final approval prior to releasing an official worldwide message NLT 1 February.

5.2. Attachment 2 lists awards approved for out of cycle release, all other award winners will be released inclusively in the official worldwide message NLT 1 Feb of each year.

5.3. In addition to an official worldwide message (all MAJCOM/DRU/FOA), AF/SG1 will ensure each MAJCOM/DRU/FOA is provided with an electronic list of the annual winners. This is intended to facilitate expeditious recognition of the AFMS winner(s) within each MAJCOM/DRU/FOA.

6. Presenting the Awards and Recognition:

6.1. Air Force-level individual award winners will receive a personal letter and certificate of recognition signed by the Air Force Surgeon General and are authorized to wear the Air Force Recognition Ribbon (military) or the Air Force Recognition Lapel Pin (civilian), as applicable. Each Air Force level award winning team will also receive a certificate and letter signed by the Air Force Surgeon General. The Air Force Recognition Ribbon is not authorized for members of winning teams.

6.2. AF/SG1 will generate letters and certificates as noted in Section 6.1 and will forward them to the appropriate MAJCOM/FOA/DRU for subsequent distribution to the unit-level.

6.3. In addition to the recognition provided by the AF/SG and/or the MAJCOM/SG, functional representatives may elect to offer supplemental recognition at an appropriate time/location.
6.4. Funding to attend award presentation/ceremonies recognizing AF level winners is allocated at the discretion of the nominating unit commander and/or the corresponding MAJCOM/SG.

7. Adopted Forms.

The following forms are prescribed forms for the Medical Service Awards Program:

7.1. AF Form 673, *Request to Issue Publication, use most current IMT version*

7.2. AF Form 847, *Recommendation for Change of Publication, use most current IMT version*

7.3. AF Form 1206, *Nomination for Award, use most current IMT version*

AFMS AWARDS APPROVED FOR OUT-OF CYCLE RELEASE

A2.1. All USAFR and ANG awards. USAFR awards are presented annually at the AMSUS conference in November of the year following the award. ANG awards are presented at “Readiness Frontiers”.

A2.2. Biennially. Outstanding Air Force Entomologist Award (Attachment 16). Due to the very small career field, this award will be based on performance from the previous two-year period ending in the odd year. It will be presented biennially in even-numbered years, e.g., the award for 2004-2005 will be presented in 2006, the award for 2006-2007 will be presented in 2008, etc.

USAF CLINICAL EXCELLENCE AWARD

A7.1. **Description.** The USAF Clinical Excellence Award annually recognizes outstanding physicians and their accomplishments in clinical medicine. One award is given each year to a Company Grade physician and a Field Grade physician.

A7.1.1. USAF Clinical Excellence Award – Company Grade Category

A7.1.2. USAF Clinical Excellence Award – Field Grade Category

A7.2. **Eligibility.** All USAF active duty and ARC physicians, both Doctors of Medicine (MD) and Doctors of Osteopathic Medicine (DO) in a 44XX AFSC assigned to a unit or special program authorization within the AF Medical Service are eligible to compete for these awards.

A7.2.1. Individuals in the Company Grade category must be Captains (O-3) or must have served in that grade during two-thirds (8 months) of the award period.

A7.2.2. Individuals in the Field Grade category may be in the grade of Major (O-4), Lieutenant Colonel (O-5), or Colonel (O-6).

A7.2.3. Individuals must be board certified in their clinical specialty unless sufficient time has not elapsed since residency for this to be accomplished. In addition, they must be “current” in their clinical skills.

A7.3. **Selecting Award Winners.** Each MAJCOM may submit up to one nomination from each category annually. The following base is also recognized as a MAJCOM for the purposes of this award and may nominate their physicians in the appropriate category: US Air Force Academy. Hurlburt Field should include AFSC GSUs in their submissions.

A7.3.1. The Chief, Clinical Quality Management will convene a board as directed in Section 4 of this AFI.

A7.4. **Award OPR.** AFMOA/SGOC.
